It also features thoughtful design and modern upgrades, including built-in speakers and generous storage space. With a mid-century modern feel, the home showcases an ideal main floor layout and beautiful hardwood floors. A striking wood beam feature wall adds warmth and architectural character. A beautiful, freestanding, tiled gas fireplace with built-in shelving anchors the bright, airy living room and 8ft sliding glass doors open to the beautifully landscaped backyard. A stylish powder room and a practical mudroom with additional backyard access complete the main level. Upstairs, the spacious primary suite is a relaxing retreat, featuring a walk-in closet with built-in organizers and a luxurious five-piece ensuite with a soaker tub, dual vanities, and heated tile floors. Two additional bedrooms, a four-piece bath, and upper-floor laundry add comfort and convenience for the whole family.
